

REGULATION (EC) 1418/2007- UPDATE OF THE ANNEX

EXPORT FROM THE EUROPEAN UNION (EU) FOR RECOVERY OF 'GREEN' LISTED WASTE AND MIXTURES THEREOF - QUESTIONNAIRE -

This questionnaire aims at gathering information in order for the European Union (EU) to update Commission Regulation (EC) No [1418/2007](#)¹. The wastes covered by this Regulation are referred to as "green listed waste and mixtures thereof" in the questionnaire. Your response will be used to revise the Regulation and thus to update the rules that the EU waste sector and customs officials of EU Member States should follow when exporting 'green' listed waste for recovery. This will help the EU make sure that you are not sent waste that you do not wish to receive.

PART A

COUNTRY: AZERBAIJAN

Azerbaijan responded to the 2013 questionnaire. The information provided at that time is set out in the attachment to this questionnaire. This information was used to update the Annex to the Commission Regulation (EC) No 1418/2007.

In Part A of the questionnaire, we request that you indicate whether the requirements reported in 2013 for the import of certain types of waste are still in force or whether there have been changes in these requirements. If there have been such changes, please complete Part B of the questionnaire.

If you wish to reply on paper rather than electronically and if the questionnaire below does not provide enough space to do so, please reply using extra sheets of paper, following the same template.

¹Commission Regulation (EC) No 1418/2007 concerning the export for recovery of certain waste listed in Annex III or IIIA to Regulation (EC) No [1013/2006](#) to certain countries to which the OECD decision on the control of transboundary movements of wastes does not apply
