

REGULATION (EC) 1418/2007- UPDATE OF THE ANNEX

EXPORT FROM THE EUROPEAN UNION (EU) FOR RECOVERY OF 'GREEN' LISTED WASTE AND MIXTURES THEREOF - QUESTIONNAIRE -

This questionnaire aims at gathering information in order for the European Union (EU) to update Commission Regulation (EC) No [1418/2007](#)¹. The wastes covered by this Regulation are referred to as "green listed waste and mixtures thereof" in the questionnaire. Your response will be used to revise the Regulation and thus to update the rules that the EU waste sector and customs officials of EU Member States should follow when exporting 'green' listed waste for recovery. This will help the EU make sure that you are not sent waste that you do not wish to receive.

PART A

COUNTRY: LIECHTENSTEIN

Liechtenstein responded to the 2007 questionnaire. The information provided at that time is set out in the attachment to this questionnaire. This information was used to update the Annex to the Commission Regulation (EC) No 1418/2007.

In Part A of the questionnaire, we request that you indicate whether the requirements reported in 2007 for the import of certain types of waste are still in force or whether there have been changes in these requirements. If there have been such changes, please complete Part B of the questionnaire.

If you wish to reply on paper rather than electronically and if the questionnaire below does not provide enough space to do so, please reply using extra sheets of paper, following the same template.

¹ concerning the export for recovery of certain waste listed in Annex III or IIIA to Regulation (EC) No [1013/2006](#) to certain countries to which the OECD decision on the control of transboundary movements of wastes does not apply

QUESTIONS:

1. Is the attached table still accurate?

YES

NO

2. If **YES**, please provide the reference(s) of the legal act(s) in your country regulating imports for recovery of 'green' listed waste and mixtures thereof:

	Title of the legal act; Date of entry into force (day/month/year); Web link (where available)
General legislation covering imports of 'green' listed waste	Verordnung über den Verkehr mit Abfällen (VeVA) SR Nr. 814.610 https://www.admin.ch/opc/de/classified-compilation/20021080/201801010000/814.610.pdf
Legislation covering imports of specific types of 'green' listed waste	Verordnung über den Verkehr mit Abfällen (VeVA) SR Nr. 814.610 https://www.admin.ch/opc/de/classified-compilation/20021080/201801010000/814.610.pdf

If **YES**, for imports of 'green' listed waste or mixtures thereof that are subject to "other control procedures" (i.e. the wastes listed in column d) of the Annex to Commission Regulation 1418/2007), please summarise what these control procedures are and where further information can be found:

Because of the customs union treaty with Switzerland the Swiss waste-law is also applied in Liechtenstein and there is no custom control between Liechtenstein and Switzerland. The borders are controlled by Swiss authorities. The Swiss Federal Office for the Environment (FOEN) checks the import, export and transit of wastes and hazardous wastes for Liechtenstein. Switzerland is a member of the OECD and the Basel Convention and therefore carries out these controls according to the OECD and the Basel Convention -Decisions. The authorities of Liechtenstein will be informed in every case and have the possibility to refuse unwanted exports, imports and transits of wastes under control.
