

REGULATION (EC) 1418/2007- UPDATE OF THE ANNEX

EXPORT FROM THE EUROPEAN UNION (EU) FOR RECOVERY OF 'GREEN' LISTED WASTE AND MIXTURES THEREOF - QUESTIONNAIRE -

This questionnaire aims at gathering information in order for the European Union (EU) to update Commission Regulation (EC) No [1418/2007](#)¹. The wastes covered by this Regulation are referred to as "green listed waste and mixtures thereof" in the questionnaire. Your response will be used to revise the Regulation and thus to update the rules that the EU waste sector and customs officials of EU Member States should follow when exporting 'green' listed waste for recovery. This will help the EU make sure that you are not sent waste that you do not wish to receive.

The questionnaire also covers **mixtures** of waste. For each waste category, please insert the specific waste codes (as set out in Part C) in the relevant box in the table below (under column a), b), c) or d)). However if a condition applies to all the specific waste codes in that category, please state "all waste in this category" in the relevant box of the table below. If you wish to reply on paper rather than electronically and if the questionnaire below does not provide enough space to do so, please reply using extra sheets of paper, following the same template.

4. For imports of 'green' listed waste or mixtures thereof that are subject to "other control procedures" (i.e. the wastes listed in column d) in the above table), please summarise what these control procedures are and where further information can be found:

Prior written notification and consent for the import of waste is not required under national law because previously imported into the country of all kinds of waste was banned. Exceptions to the import of waste were later introduced.

At the moment The Ministry of Agriculture, Regional Development and Environment is working on the drafting of the new Waste Shipment Regulation which will establish new mechanisms to implement the provisions of the Basel Convention, including the provisions on documentation required to be requested at the introduction of waste into the country, liable to import.
