Your response will be used to revise the Regulation and thus to update the rules that the EU waste sector and customs officials of EU Member States should follow when exporting 'green' listed waste for recovery. In Sudan all types of waste imports are prohibited.

5. Please provide the reference(s) of the legal text(s) in your country regulating imports for recovery of 'green' listed wastes and mixtures thereof:

	Title of the legal act; Date of entry into force (day/month/year); Web link (where available)
General legislation covering imports of 'green' listed wastes	Environment Protection Act 2011
Legislation covering imports of specific types of 'green' listed wastes	In Sudan every State has its own legislation which should match the federal law. E.g Khartoum State Environment law 2016.

6. Please use the box below to provide any comments or clarifications regarding your reply to this questionnaire (optional).

Sudan as a developing country with limited technical capacity to deal with waste does not tend to import of any waste to avoid environmental complications.

7. Please note that your reply will be considered as an official reply and will be uploaded on this website: <http://wastetradesurvey.eu> and subsequently on the website of the European Commission<sup>5</sup>.
8. Please indicate if you agree or disagree with the public disclosure of the contact details of the respondent.
